TRIBAL LEADERS: ACTION NEEDED

OMB CONSULTATION ON PROPOSED CHANGES TO FINANCIAL ASSISTANCE RULES

YOUR VOICE AND YOUR SOVEREIGNTY MUST BE HEARD.

The Office of Management and Budget (OMB) has proposed changes to federal financial assistance rules that could directly affect how Tribal Nations **access and manage federal funding** and **deliver essential services**.

ACCESS
How Tribal Nations access federal funding.

MANAGEMENT
How Tribal Nations manage federal funding.

SERVICES
How Tribal Nations deliver essential services.

UIIN strongly opposes the proposed rule and considers the short notice for these sessions inadequate for meaningful Tribal consultation. Tribal Nations are sovereign governments and must have sufficient time to review and respond.

UIIN urges Tribal Leaders to participate and ensure their Nations' concerns are part of the record.

Public sessions: If you wish to join any of the public sessions, please contact the UIIN.
